

Dear Our Partners,

Here you can read some words about our 2014 Erasmus+ mobility project which enabled to 50 of our students and some teachers to get 5 different European Union countries in order to widen their professional skills and experiences not just at work but in the adult, independent LIFE.

Countries-students-professions:

Finland:	Hotel Savonia****, Kuopio	10 sts - waiter, cook
Germany:	Hotel König Ludwig ****S, Schwangau	6 + 2 sts - waiter
	Gasthof Woaze, Füssen	4 sts - waiter, kitchen assistant
Italy:	9 workplaces (hotels, restaurants, guesthouse, pizzeria)	10 + 5 sts - waiter, cook
Spain:	Hotel Pabisa Bali és Sofia, Mallorca	5 sts - waiter, cook
Slovakia:	Cukraren Zilizi, Pered	15 sts - confectioner

With the help of your partnerships our students could take part in 2-4-month-long professional practices and as the reports or their own, their parents or teachers prove they all got a life-long experience which can help them in their later life both professionally and privately.

I would like to say thank you to your cooperation in our Erasmus+ applications in the name of the school leadership and that of our students.

Please, watch the video about baking Finnish pulla and vappumunkki which our student learnt to make in Finland and bake them at school for our project closing party where the coordinator told about the project effects and the guests could eat those dishes and desserts which students learned during their Erasmus+ practice abroad.
